

PRO TYPE JUMPER CABLES

Ref. 056541 - 056619

These high quality jump leads are produced for professionals, and are specially designed for chain starts. Delivered in a carrying bag, they can withstand very high starting currents thanks to 100% copper wire and large cross-sections. They cover the starting needs of all vehicles including buses and trucks, as well as construction and agricultural machinery. Their insulated clamps guarantee completely safe starting.
